

Electric Step-Through Commuter Bicycle with Basket and Rack

This electric commuter bicycle is designed for urban environments and features a step-through frame for easy mounting and dismounting. It includes a front basket for carrying groceries or personal items and a rear rack for additional cargo capacity.

Product Overview

Urban Commuter Solution

This electric commuter bicycle is purpose-built for urban environments, featuring a convenient step-through frame design that ensures easy mounting and dismounting. Equipped with an efficient electric motor, it provides essential pedal assistance for navigating hilly terrain or extending your daily commute. The inclusion of a front basket and rear cargo rack enhances utility, making it a practical choice for transporting personal items or groceries.
