

Electric Step-Through Scooter

This electric scooter has a step-through frame design and is ideal for urban commuting. It features an integrated headlight, rearview mirrors and a comfortable seat.

Product Overview

Urban Commuter Electric Scooter

This electric step-through scooter is engineered for efficient urban commuting and short-distance travel. Featuring a modern, aerodynamic design, it combines convenience with functionality. The step-through frame ensures easy mounting and dismounting, while integrated safety features like headlights and rearview mirrors enhance rider visibility and control.
