

Electric Step-Through Scooter with Basket

This electric scooter has a step-through frame, a front basket, and a rear storage compartment. It is equipped with an electric motor, battery, and pedals.

Overview

Versatile Electric Mobility

This electric step-through scooter is designed for efficient and eco-friendly urban transport. Featuring a convenient front basket and rear storage compartment, it balances utility with comfort. The inclusion of pedals allows for manual propulsion, offering flexibility for various riding conditions and battery management.
