

Electric Step-Through Scooter with Cargo Rack

This electric scooter has a step-through frame for easy access and comes equipped with front and rear suspension for a smooth ride. It includes a padded seat, rearview mirrors, front and rear lights, and a rear rack for cargo.

Overview

Electric Step-Through Utility Scooter

This electric step-through scooter is designed for efficient urban mobility and light cargo transport. Featuring a robust 1000W motor and a versatile 60V/72V battery system, it offers a reliable and eco-friendly solution for daily commuting or delivery tasks. The inclusion of a rear cargo rack and hydraulic shock absorbers ensures both utility and comfort for the rider.
