

Electric Step-Through Scooter with Rear Storage

This electric scooter features a step-through frame design, providing easy access for riders. Equipped with a rear storage box, it offers convenient space for carrying personal items.

Overview

Urban Commuter Solution

This electric step-through scooter is engineered for efficient city commuting and practical utility. Featuring a low-frame design for easy mounting and dismounting, it combines modern aesthetics with functional storage capabilities. Equipped with essential safety features like integrated lighting and rearview mirrors, it is an ideal choice for urban transport and delivery tasks.
