

Electric Step-Through Scooter with Storage

This electric scooter is designed with a step-through frame for easy mounting and dismounting. It features a storage box behind the seat, front and rear lights, mirrors, and front suspension.

Overview

Urban Commuter Solution

This electric step-through scooter is engineered for efficient urban commuting and short-distance travel. Its accessible frame design allows for easy mounting and dismounting, while the integrated rear storage box provides practical utility for daily tasks. Equipped with essential safety features including front and rear lighting, mirrors, and suspension, it offers a reliable and comfortable riding experience.
