

Electric Step-Through Scooter with Storage

This electric scooter is designed with a step-through frame for easy access. It is equipped with a rear storage box and lights, making it suitable for urban commuting.

Product Overview

Urban Mobility Solution

This electric step-through scooter is engineered for efficient urban commuting and short-distance travel. Featuring a convenient step-through frame design, it ensures easy mounting and dismounting for riders. The inclusion of a rear storage box and integrated lighting systems makes it a practical choice for daily tasks.
