

Electric Stone Cutter with 110mm Blade

This electric stone cutter is designed for precise cutting of stone materials with a maximum cutting blade diameter of 110mm. It features a 1200W motor and a no-load speed of 12000r/min.

Overview

Professional Electric Stone Cutter

This powerful electric stone cutter is designed for precise and efficient cutting of marble, granite, tile, and other stone materials. It features a high-speed motor and a durable blade for clean, accurate cuts, making it an essential tool for professional stone fabricators and construction workers. Equipped with a reliable cooling system to reduce dust and prolong tool life, this cutter ensures consistent performance on demanding job sites.
