### Overview

#### Heavy-Duty Electric Truck Winch

Designed for demanding recovery and towing operations, this series of electric winches offers superior pulling power and reliability in challenging terrains. Each unit features a robust 6HP motor and a high-efficiency 4-stage planetary gear system to ensure smooth, consistent performance under load. Built for safety and longevity, the winch includes an automatic in-the-drum braking system and a waterproof ISM design to handle the harshest environmental conditions.
