

Electric UV Insect Killer

This electric insect killer is suitable for both indoor and outdoor use, offering effective pest control. It attracts insects using UV light and eliminates them with a high-voltage grid.

Product Overview

Effective Pest Control Solution

This electric UV insect killer provides a chemical-free solution for maintaining pest-free environments. Designed for versatility, it is suitable for both indoor and outdoor applications, making it ideal for homes, offices, restaurants, and gardens. The unit utilizes UV light to attract insects, which are then eliminated by a high-voltage grid, ensuring efficient and hygienic operation.

Technical Specifications

Usage Environment	Indoor, Outdoor
Control Method	UV Light Attraction & High-Voltage Grid

Design & Safety

Safety Features

- Protective outer cage
- Chemical-free operation

Maintenance	Easy-to-clean collection tray
Construction	Durable materials
