

Electric Vehicle Battery Pack with Charger

High-capacity battery pack designed for electric vehicles. It is equipped with a charging port and power indicator for convenient monitoring and maintenance.

Overview

High-Capacity Electric Vehicle Power Solution

This high-capacity battery pack is specifically engineered for electric vehicles, providing reliable and efficient power for e-bikes and various mobile applications. It features a robust, durable silver casing with an integrated handle, ensuring both protection and ease of portability. The unit is fully equipped with an accessible charging port and an integrated power indicator, allowing users to monitor status and manage maintenance with ease.

Key Features

Suitable Applications

- Electric Bicycles (E-bikes)
- Mobile Electric Vehicles
- Portable Power Applications

Design Highlights

Portable, Integrated Handle, Robust Casing, Power Indicator

Technical Specifications

Maintenance Features

Integrated Charging Port • Power Level Indicator

Casing Material

Robust Silver Casing
