Product Overview

Compact Lifting Solution

The PA-series mini electric wire rope hoist is a versatile and popular lifting solution designed for efficiency in workshops, garages, and construction sites. Featuring a powerful copper-winding motor and a durable die-cast aluminum shell, this hoist is engineered for reliability and wear resistance. With its portable design and compatibility with standard single-phase voltage, it provides a flexible solution for various vertical lifting requirements.

Technical Specifications

Lifting Height

12 m

Single Line

6 m

Double Line

Motor Construction

- Copper winding motor
- Quality stator and rotor
- Die-cast aluminum motor shell

Supported Voltages

110V, 220V, 230V, 240V

Model Comparison

Model Performance Data

Model	Capacity (Single/Double)	Power
PA200	100kg/200kg	450
PA300	150kg/300kg	550
PA400	200kg/400kg	750
PA500	250kg/500kg	900
PA600	300kg/600kg	1050
PA800	400kg/800kg	1350
PA1000	500kg/990kg	1600
PA1200	600kg/990kg	1800
