

Electric Wire Rope Hoist

This electric hoist is designed for lifting heavy objects with precision and ease. Its compact design allows for easy installation and portability, making it an essential tool for any workshop or job site.

Product Overview

Industrial Lifting Performance

This electric wire rope hoist is a versatile lifting solution designed for industrial and construction environments. It features a robust motor and a dual-hook configuration, allowing for flexible lifting capacities depending on the setup. With integrated safety features like thermal protection and emergency stops, it provides a secure and efficient way to handle heavy materials in workshops or job sites.

Technical Specifications

Lifting Capacity

125 kg

Single-line

250 kg

Double-line

Performance Metrics

Metric	Single-line	Double-line
Lifting Height	12m	6m
Lifting Speed	8m/min	4m/min

Power Requirements

230V ~ 50Hz, 500W

Safety & Features

Protection Class

IP54

Safety Mechanisms

Upper/Lower limit device, Anti-reverse winding device, Emergency stop switch, Thermal protection terminal

Logistics

Packing Dimensions

42.5 x 28.5 x 28.5 cm

Net Weight

13.5 kg

Quantity per Carton

1

Trading Terms

Accepted Payment Terms

- L/C at sight
- T/T

FOB Ports

- Ningbo port
- Shanghai port

Minimum Order Quantity

400 to 499 pcs

Lead Time

30 to 50 days
