

Electrically Powered Band Saw on Wheeled Stand

This power tool is a band saw with a blue frame and yellow clamping mechanism. It is mounted on a black stand with wheels and support beams for stability and mobility.

Product Overview

Professional Grade Cutting Performance

This electrically powered band saw is engineered for precision and reliability in demanding workshop and construction environments. Featuring a robust blue frame with a high-visibility yellow clamping mechanism, it provides secure material handling for accurate cuts. The unit is mounted on a durable black stand equipped with wheels, ensuring easy mobility and stability across various job sites.

Technical Specifications

Construction

- Reinforced blue metal frame
- Yellow precision clamping mechanism
- Black steel support stand

Power Source

Electric

Mobility

Wheeled Stand, Portable, Support Beams

Usage

Suitable Environments

Workshops • Construction Sites • Industrial Use
