

Electronic Device Cleaning Wax

This cleaning wax efficiently cleans monitors and other electronic devices. It provides a protective layer while removing dust and fingerprints.

Product Overview

Professional Electronic Cleaning Solution

This advanced soft wax formula is specifically engineered to maintain and protect sensitive electronic displays. It efficiently removes dust, fingerprints, and debris, leaving behind a clear, streak-free finish. Ideal for professional environments, this solution also provides a protective layer that helps keep screens cleaner for longer.

Product Specifications

Application Compatibility

- Computer Monitors
- Electronic Displays
- Various Screen Types

Net Weight	300 g
Model Identifier	M7100-1
Key Features	Dust Removal, Fingerprint Resistant, Protective Layering, Screen Safe
