

Emergency Exit Indicator Light with Directional Arrow

This emergency exit indicator light provides clear directional guidance during emergencies. It features a bright green background with a white directional arrow and the word 'EXIT' to ensure high visibility.

Product Overview

Emergency Exit Guidance

This emergency exit indicator light provides clear, high-visibility directional guidance essential for safety in commercial buildings, offices, and public spaces. Featuring a bright green background with a white directional arrow and bilingual 'EXIT' signage, it ensures critical information is communicated instantly. The unit is designed with a durable rectangular housing and illuminated edges, incorporating a reliable power backup system to maintain operation during unexpected power outages.
