

Emergency LED Torch

This LED torch features an integrated emergency lighting function. It is equipped with a rechargeable battery, a handle for portability, and a stable base for hands-free operation.

Product Overview

Reliable Emergency Illumination

This portable LED torch is specifically designed to provide dependable lighting during power outages or outdoor activities. Constructed from durable ABS material, it features a built-in rechargeable battery for convenient, cord-free operation. Its compact design and reliable discharge time make it an essential tool for emergency preparedness.
