

Emergency Vehicle LED Light Bar

This emergency light bar is equipped with high-intensity LEDs for maximum visibility. It is available in red, blue, amber, white, and green color options.

Overview

High-Intensity Emergency Lighting

The LTF7300 is a high-intensity emergency light bar engineered specifically for police and emergency response vehicles. Designed for maximum visibility in critical situations, it features a robust construction with alternating red and blue LED arrays. The central panel is clearly marked for identification, ensuring reliable performance in demanding field conditions.
