

Emergency Warning Triangle Reflector

The Emergency Warning Triangle Reflector alerts approaching vehicles to breakdowns or accidents. With a reflective red surface and foldable base, it ensures maximum visibility and easy storage.

Product Overview

Emergency Safety Solution

The Emergency Warning Triangle Reflector is a critical safety accessory engineered to alert oncoming traffic during roadside breakdowns or vehicular accidents. Featuring a high-visibility reflective surface, it remains effective under both daylight and low-light conditions to ensure driver safety. Its foldable base design provides a stable, secure footing on various road surfaces while allowing for space-efficient storage in any trunk.
