

Enclosed Cabin Tricycle Motorcycle

This tricycle motorcycle is designed for transporting either goods or passengers. It features a fully enclosed cabin for protection from the elements.

Overview

Enclosed Cabin Tricycle

The BS200ZK-A enclosed cabin tricycle is a versatile three-wheeled vehicle designed for reliable transportation of goods or passengers. Featuring a stable single-front and dual-rear wheel configuration, it ensures balance and maneuverability in various urban and rural environments. The enclosed cabin provides essential weather protection for the driver, making it an ideal solution for efficient, small-scale transport needs.
