Product Overview

Professional Endless Round Lifting Sling

This high-strength, endless round lifting sling is designed for secure and flexible handling of heavy loads across demanding industrial environments. Engineered with a durable protective sleeve, it ensures abrasion resistance while remaining lightweight and easy to manage. Its versatile design makes it an ideal solution for professionals in aerospace, power construction, mining, and terminal loading operations.

Technical Specifications

Compliance Standards

- EN 1492-2-2000
- JB-T-8521.2-2007

Safety Factor Options

6:1, 7:1

Key Features

Core Benefits

- Lightweight and flexible for easy handling
- Surface-friendly design to prevent load damage
- High strength with minimal elongation
- Excellent cost-efficiency

Application Areas

Typical Usage

Aerospace • Electric Power Construction • Military Manufacturing • Terminal Loading • Machining • Mining
