

# Engine Fuel Injection Pump Nozzle DN PDN Type

This engine fuel injection pump nozzle is engineered for optimal fuel atomization and efficient combustion. It is designed to ensure reliable engine performance.

## Product Overview

### Engine Fuel Injection Pump Nozzle

This high-performance engine fuel injection pump nozzle is engineered for precision fuel atomization and efficient combustion in diesel engines. Manufactured to meet rigorous quality standards, these components ensure reliable engine performance and longevity. Suitable for professional diesel engine repair and maintenance, they provide a durable alternative for diverse fuel injection systems.

## Technical Specifications

Body Material	Steel
Weight	0.04 kg
Warranty	6 Months
Certifications	ISO9001, TS16949

## Compatibility

### Reference Identification

Item Type	Reference No.	Stumping No.
Injector Nozzle DN_PDN	105007-1120	DN0PDN112
Injector Nozzle DN_PDN	093400-8220	DN0PDN121
Injector Nozzle DN_PD	093400-5571	DN4PD57
Injector Nozzle P	093400-5500	DLLA160P50
Injector Nozzle S	0 433 271 299	DLLA150S616
