Product Overview

High-Efficiency Thermal Management

This engine oil cooler is engineered for optimal thermal management in automotive and motorcycle transmission systems. Featuring a durable aluminum construction, it utilizes a stacked plate design to maximize surface area and ensure efficient heat dissipation. Designed for reliability and seamless integration, this component helps maintain consistent oil temperatures, making it an ideal choice for high-performance and heavy-duty applications.

Technical Specifications

OE Reference Numbers	6G917A095AC, 6G917A095AD
Material	Aluminum
Color	Silver
Size	Standard

Compliance & Logistics

Certifications

ISO/TS16949

Warranty	1 year
Minimum Order Quantity	20 pcs
Lead Time	30 days
Place of Origin	Jiangxi, China
