Product Overview

Engine Protection & Performance

This high-performance oil filter is engineered to deliver superior engine protection by effectively removing contaminants and impurities from your engine oil. Designed with advanced filtration media and high-quality construction, it ensures clean lubrication that prolongs engine life and maintains optimal performance. It is a reliable, economical choice that meets rigorous quality standards for consistent, long-term operation.

Compatibility & OEM

Compatible Models

- Toyota Crown 3.0
- Reiz 2.5
- Lexus GS300

OEM Reference Numbers

04152-31080, 04152-31060, 04152-38010, 04152-YZZA2, 04152-YZZA5

Technical Features

Construction Highlights

HV Paper Media • Superior Quality Glue • High Dust Holding Capacity • Temperature Resistant

Key Performance Indicators

100 %

Efficiency Rating

25 Years

Years of Manufacturing Experience

Service & Quality

Quality Assurance

- ISO/TS16949:2009 certified manufacturing
- Strict individual inspection
- OEM & ODM support available
- Custom production based on samples or drawings
