Product Overview

Engine Oil Pressure Alarm Sensor

This oil pressure alarm sensor is a critical component designed to monitor engine oil pressure and trigger an alert if levels fall below safe thresholds. Engineered for durability, it utilizes a robust metal and plastic construction to withstand harsh operating environments. It is specifically compatible with 4BT, 6CT, and 6LT engine systems, providing reliable performance and essential protection against engine damage.

Technical Specifications

Part Number	C4931169
Application	4BT, 6CT, 6LT
Material	Metal and plastic

Logistics & Packaging

Weight	0.2 kg
Dimensions	8 x 8 x 5 cm
Packaging	1 piece per neutral box

Commercial Terms

Quality Grade

Aftermarket

Payment Terms

- TT 30% deposit
- 70% upon bill of lading
- L/C

Warranty

12 months

Delivery Options

By sea, By air, By express
