

Environment-Friendly Refrigerant for HVAC&R

This environment-friendly refrigerant is suitable for HVAC&R applications. It functions specifically as a freezing medium.

Product Overview

Eco-Friendly HVAC&R Solution

The THR01c is a next-generation refrigerant specifically engineered for high-performance HVAC and refrigeration applications. Designed as an environment-friendly alternative, it serves as a robust freezing medium for professional cooling systems. This product is ideal for businesses looking to modernize their cooling infrastructure while prioritizing sustainability and operational efficiency.

Technical Specifications

Product Code	THR01c
Primary Application	HVAC, Refrigeration, Freezing Medium
