

EPDM Fire Hose - EN14540 Compliant

This fire hose is made from EPDM. It is compliant with EN14540 standards.

Product Overview

Industrial EPDM Fire Hose

This EPDM fire hose is engineered for high-performance industrial applications, offering exceptional resistance to oil, acids, alkalis, and corrosion. Designed to meet EN14540 standards, it provides reliable durability in demanding environments. It is widely utilized across the petroleum, chemical, and shipping industries where chemical and environmental resilience is critical.

Technical Specifications

Compliance Standard	EN14540
Lining Material	EPDM
Model	EPDM 15-52
Recommended Industries	Petroleum, Chemical Industry, Shipping

Certification

Status	Approved • Certified
Certifying Body	Polski Rejestr Statków S.A.
Approval Date	2016-04-14
Location	GdaDsk
