Product Overview

High-Performance V-Ribbed Belt

This 6PK1665 V-ribbed belt is engineered for automotive power transmission, utilizing premium EPDM rubber for superior durability and heat resistance. Designed to meet demanding engine conditions, it offers an impressive service life of 80,000 kilometers. This component is specifically compatible with Peugeot vehicle applications, ensuring reliable performance and efficient power delivery.

Technical Specifications

Belt Type	V-Ribbed Belt (PK Belt)
Number of Ribs	6
Effective Length	1665 mm
Material	EPDM (Ethylene Propylene Diene Monomer)

Performance Metrics

Service Life

80000 KMS

Expected Lifespan

Compatibility

Compatible Makes	PEUGEOT
