

Ergonomic Screwdriver Set with Phillips and Flat Head

This set includes a Phillips head and a flat head screwdriver. They feature ergonomic yellow and black handles for a comfortable and secure grip, along with durable metal shafts.

Product Overview

Professional Ergonomic Hand Tool Set

This screwdriver set features two essential tools designed for precision and comfort. The ergonomic yellow and black handles are engineered to provide enhanced grip, reducing fatigue during extended fastening tasks. Constructed with durable metal shafts, these screwdrivers offer long-term reliability and high resistance to daily wear in professional environments.
