

Espresso, Cappuccino, and Latte Coffee Maker

This coffee maker is designed for creating espresso, cappuccino, and latte beverages. It features a 1.5L removable water tank, a 15 bar pump, and a milk frothing function.

Overview

Professional Quality Espresso at Home

This versatile coffee maker is designed to deliver café-quality espresso, cappuccino, and latte beverages in the comfort of your home. Featuring a powerful 15-bar pump and a precise aluminum die-casting boiler, it ensures optimal extraction and temperature control. With user-friendly features like a built-in thermometer, steam wand for milk frothing, and a generous 1.5L capacity, it provides both convenience and consistent performance for coffee enthusiasts.
