Product Overview

Efficient Evaporative Cooling

This evaporative air cooler provides a versatile solution for localized climate control, featuring both cooling and humidifying functions. Designed for convenience, it includes a honeycomb cooling pad, adjustable louvers for airflow control, and a 120-degree automatic swing feature to ensure even air distribution. With its low-noise operation and integrated timer, it is an ideal choice for maintaining comfort in dry environments.

Performance & Features

Airflow Settings	3-Position Speed Adjustment (Low, Mid, High)
Automatic Swing	120 degrees
Timer Function	7.5 hours
Cooling Technology	Evaporative Cooling, Honeycomb Cooling Pad, Water Cycling
