Product Overview

Concise cylinder design well integrated in modern decoration.

Evaporative Humidifier CF-6226

The CF-6226 is a modern, cylindrical evaporative humidifier designed to improve indoor air quality. Utilizing advanced evaporation technology, it naturally adds moisture to the air without spreading minerals or white dust, making it safe for use with hard water. With a 3-speed fan, customizable timer settings, and an intelligent auto-mode, this unit efficiently maintains optimal humidity levels for rooms up to 44m².

Performance & Capacity

The evaporator mat is saturated with water, washing the air as it humidifies.

Fan Speed Settings

- Low
- Medium
- High

Moisture Output	300 ml/h
Coverage Area	44 m ²
Runtime on High	10 hours

Features & Controls

Auto mode uses LED indicators to show room humidity quality.

Intuitive control panel with 3-speed fan adjustment.

Auto Mode Indicators

Blue (Good) • Orange (Moderate) • Red (Poor)

Timer Settings	2 Hours, 4 Hours, 8 Hours
Sleep Mode	Yes

Design & Maintenance

Detachable top cover makes it easy to refill and clean.

Refill Method	Detachable top cover
Filter Type	Washable anti-bacterial mat
Motor Type	DC Motor
