Product Overview

Heavy-Duty Excavator Bucket Bevel Adapter

This bevel adapter is engineered specifically for E325 construction machinery, providing a secure and reliable connection between the bucket and the excavator arm. Constructed from high-strength steel, the component is designed to withstand the rigorous stresses of excavation work and demanding environments. Its precise design ensures optimal performance, efficient material handling, and long-term durability against wear and tear.

Compatibility & Identification

Compatible Machine Models	E325 Excavator
Part Numbers	6i6404-50, 6i6404-45, 6i6405-45, 6i6406-45, 6i6404, 515-404

Quality Standards

Certifications

ISO 9001:2008 • Certified
