Overview

Precision-engineered bucket tooth designed for optimal digging performance.

High-Performance Excavator Bucket Tooth

The 1U3452 bucket tooth is engineered for J450 series excavators, providing exceptional penetration and wear resistance in demanding construction environments. Manufactured from high-strength alloy steel, it features a smooth finish and precision-drilled holes for a secure, reliable fit with standard bolts. This component is designed to enhance digging efficiency while offering a cost-effective solution for heavy-duty material handling.

Technical Specifications

Material	Alloy steel
Hardness	HRC 47-52
Net Weight	12 KG
Part Number	1U3452

Compatibility

Compatible Brands	Caterpillar, Komatsu, JCB, Hyundai, Doosan
Series Compatibility	J450 Series

Manufacturing & Quality

Manufacturing Process

- CNC drilling for accurate punch holes
- Automatic electrostatic spray painting line
- Professional casting equipment
- High impact toughness treatment

Certifications

ISO9001: 2015 • SGS

Service & Logistics

Service Highlights

24 Months

Warranty

10 pc

Min. Order

30 Days

Lead Time

Logistics Information

Feature	Details
Packing	Plywood case
Loading Ports	Ningbo, Shanghai, Guangzhou, Yiwu
Payment Terms	Ali Trade Assurance, T/T, L/C
Delivery	30-35 days

Product Range

Comprehensive range of bucket teeth, adapters, and protectors available for various machinery.

Other Available Parts

Bucket Pin & Bushing, Bucket Protector, Heel Shroud, Blade, Bolt & Nut, Pin & Retainer, Chocky Bar, Side Cutter, Adapter, Lip Shroud
