Product Overview

High-Performance J550 Series Bucket Tooth

The 9W8552 is a precision-cast bucket tooth designed for heavy-duty excavation and mining applications. Engineered for the J550 series, it offers a perfect balance of impact toughness and wear resistance to ensure long service life in abrasive environments. This component features a smooth finish and accurate CNC-drilled holes for a secure, reliable fit with standard mounting bolts.

Technical Specifications

Net Weight Options

- 17.2
- 18.5
- 20.4

Material	Alloy steel
Hardness	HRC 47-52
Part Number	9W8552

Compatibility

Suitable Machines

Caterpillar, Komatsu, JCB, Hyundai, Doosan

Series Compatibility

J550 Series

Manufacturing & Quality

Manufacturing Advantages

- Precision CNC drilling for accurate bolt hole alignment
- Automatic electrostatic spray painting for a durable finish
- High-quality casting process for superior impact toughness
- Smooth and professional surface finish

Quality Certifications

ISO9001: 2015 • SGS

Service & Logistics

Warranty Period

24 Months

Quality Warranty

Ordering & Delivery

Parameter	Details
Minimum Order Quantity	10 Pieces
Delivery Time	30-35 Days
Loading Ports	Ningbo, Shanghai, Guangzhou, Yiwu
Packaging	Plywood Case

Accepted Payment Methods

Ali Trade Assurance, T/T, L/C
