

Excavator Bucket Tooth Adapter

This excavator bucket tooth adapter is engineered for secure attachment and optimal digging performance. Its high wear resistance ensures enhanced production efficiency and reliability.

Product Overview

High-Performance Bucket Tooth Adapter

This excavator bucket tooth adapter is engineered for heavy-duty digging and loading applications. Designed for a precise fit, it ensures secure attachment of bucket teeth to enhance machine productivity and minimize maintenance downtime. Constructed from high-strength alloy steel, these adapters provide superior wear resistance and stability in demanding environments.

Compatibility

Compatible Machinery Brands

Volvo, CAT, Komatsu, Hitachi, JCB, Kobelco, Hyundai, Terex, Liebherr, Bucyrus, P&H, Doosan, Sany, SDLG, Xugong, Liugong
