Overview

High-strength alloy steel bucket tooth designed for heavy-duty excavation.

High-Performance Excavator Bucket Tooth

This premium bucket tooth is specifically designed for PC200 series excavators, ensuring a precise fit and reliable operation in demanding construction and mining environments. Manufactured from high-strength alloy steel, it features exceptional impact toughness and wear resistance to extend service life and maximize digging efficiency. The product is finished with an automatic electrostatic spray painting line for a professional appearance and superior corrosion protection.

Technical Specifications

Net Weight Options

- 3.7 KG
- 4.0 KG
- 4.5 KG

Part Number	205-70-19570
Material	Alloy Steel
Hardness	HRC 47-52

Compatibility

Compatible Machinery

Komatsu PC200, Caterpillar, JCB, Hyundai, Doosan

Manufacturing & Quality

Manufacturing Advantages

- CNC drilled holes for accurate bolt alignment
- Automatic electrostatic spray painting
- Professional-grade impact toughness
- Smooth and precise finish

Quality Certifications

ISO 9001:2015 • SGS

Service & Logistics

Warranty

24 Months

Quality Warranty

Order & Delivery

Parameter	Details
Minimum Order Quantity	10 Pieces
Delivery Time	30-35 Days
Packaging	Plywood Case
Loading Ports	Ningbo, Shanghai, Guangzhou, Yiwu

Product Range

Comprehensive range of bucket teeth, adapters, and protectors available.

Other Available Parts

Bucket Pins & Bushings, Heel Shrouds, Side Cutters, Chocky Bars, Wear Buttons, Adapters, Lip Shrouds
