Product Overview

High-Performance Excavator Tooth Tips

These heavy-duty excavator tooth tips are engineered to withstand harsh working conditions, providing optimal performance and extended wear life in demanding environments. Constructed from high-quality, hardened alloy steel, these components offer maximum strength and superior resistance to abrasion. Designed for easy installation and replacement, they help minimize equipment downtime and maintain high productivity in construction and mining applications.

Compatibility

Compatible Equipment Types

Excavator, Loader, Bulldozer, Electrical Shovel

Product Range

Available Tooth Styles

- Rock Chisel
- Tiger Tooth
- Twin Tiger
- Short Tooth
- Dirt Tooth
- Flare Tooth
- Rock Penetrator
- Abrasion Tooth
- Ripper Tooth
- Heavy Duty
