

Expandable Garden Hose with Brass Connectors

This expandable garden hose features a high-density double-layer latex core and a sturdy 3750D polyester fabric cover. When water pressure is applied, the hose expands up to 3 times its original length, and it contracts when the water is turned off.

Overview

Professional Grade Expandable Hose

This high-performance telescopic garden hose is engineered for durability and ease of use in professional environments. Featuring a 3x expansion capability and robust copper-plated construction, it resists wear, sun damage, and aging. Equipped with solid brass connectors and a metal spray nozzle, this hose offers a leak-free, reliable solution for demanding watering tasks.

Performance Metrics

Max Water Pressure	8 kg
Spray Distance	15 M

Construction & Materials

Durability Features

Wear-resistant • Sun-proof • Explosion-proof • Aging-resistant

Material Composition	Alloy, Copper-plated, Metal
----------------------	-----------------------------

Technical Specifications

Telescopic Ratio	3x expansion
Connector Type	Solid 3/4 inch brass
