F-Connector Coaxial Cable

Coaxial cable with F-connectors on both ends designed for reliable signal transmission. It features durable construction and shielding to minimize interference and ensure optimal performance for connecting TVs, satellite receivers, and cable modems.

Product Overview

High-Performance Coaxial Connectivity

The F-270 coaxial cable is engineered for reliable signal transmission across a variety of professional and residential applications. Featuring a robust 7.0mm outer diameter construction, this cable ensures minimal signal interference for devices such as satellite receivers, cable modems, and television systems. Its versatile design supports both indoor and outdoor installation environments, making it a dependable choice for stable connectivity.

Technical Specifications

Impedance

75 Ohms
Impedance

Usage Suitability
Indoor • Outdoor

Outer Diameter	7 mm
Connector Configuration	RF Male, RF Female, F-Connector
Color	White
