Overview

High-Performance Fiber Optic Patch Cord

This fiber optic patch cord is engineered for reliable, high-speed data transmission in demanding network environments such as data centers and telecommunications rooms. Designed with precision connectors and durable materials, it ensures minimal signal loss and consistent performance. The cable features a low smoke, zero halogen (LSZH) jacket, making it a safe and efficient choice for high-bandwidth infrastructure.

Optical Performance

Return Loss

45 dB

Single Mode (SM)

35 dB

Multi Mode (MM)

Insertion Loss

0.2 dB

Mechanical Properties

Jacket Material

LSZH • OFNR

Cable Dimensions

Specification	Value
Simplex Diameter	2.0mm
Outer Diameter	7.0mm

Plug Life (Durability)

e 1000times

Operating Temperature

-20°C to 60°C

Certifications

C(UL)US, Riser Rated
