

Fishing Line 0.3mm x 100m

This fishing line is designed for optimal performance and durability. It has a 0.3mm diameter and a length of 100m, making it suitable for various fishing applications.

Product Overview

High-Performance Fishing Line

This durable nylon fishing line is engineered for optimal performance and wear resistance in various fishing applications. With a precise 0.3mm diameter and 100m length, it provides the reliability needed for consistent angling results. Designed for strength and longevity, this line is an essential tool for professional and recreational fishing setups.

Technical Specifications

Diameter	0.3 mm
Length	100 m
Material	Nylon
Performance Features	Wear-resisting, High-performance

Usage Guidelines

Safety Warnings

- Do not use for overhead lifting
- Do not exceed working load limit
- Shock loads (stress, jerk, etc.) can reduce working loads by up to 33%
- Knots reduce rope strength by 40%
- Replace if signs of wear (e.g., broken fibres) appear
