

Flared Woven Fabric Lampshade

This lampshade features a flared shape and is constructed from a light-colored, woven material. It diffuses light downwards, providing a warm and ambient glow suitable for various lamp styles.

Product Overview

Elegant Flared Woven Lampshade

This flared woven fabric lampshade is designed to provide a warm, ambient glow, making it an excellent choice for interior lighting fixtures. Its distinctive flared shape, featuring a wider base and a narrower top, is engineered to diffuse light downwards effectively. Crafted from a textured, light-colored material that mimics natural fibers, this shade adds a touch of elegance and functional sophistication to any lamp style.
