

Flat Panel TV Wall Mount

This heavy-duty TV wall mount is designed for secure and reliable installation of flat-screen TVs. It features a robust steel construction with adjustable vertical brackets and a horizontal rail for precise leveling.

Product Overview

Professional Flat Panel Wall Mount

This heavy-duty TV wall mount is engineered for reliable installation of flat panel screens ranging from 40 to 60 inches. Constructed from durable SPCC steel with a protective finish, it ensures high load-bearing performance up to 125lbs. Its low-profile design sits just 29mm from the wall, providing a sleek, minimalist aesthetic for commercial or residential setups.
