

# Flat Top Modular Conveyor Belt

This flat top modular conveyor belt is designed for the beverage industry. Its modular design allows for easy assembly and maintenance, ensuring a stable and smooth conveying platform.

## ADDITIONAL IMAGES

## Product Overview

### High-Efficiency Modular Conveyor Belt

This flat top modular plastic conveyor belt is engineered for demanding industrial applications, particularly within the food and beverage sectors. Its modular design facilitates rapid assembly, easy cleaning, and maintenance-free operation, significantly reducing downtime. Built to withstand extreme temperatures and heavy loads, this belt offers a reliable, hygienic solution that enhances production line efficiency.

## Technical Specifications

Pitch	25.4 mm
Thickness	8.6 mm
Minimum Width	85 mm
Open Area	0%
Rod Diameter	4.5 mm
Maximum Load Capacity	1.2 tons/m <sup>2</sup>
Working Temperature	-40°C to 260°C

## Configuration & Materials

### Sprocket Dimensions

- 12T-2R
- 18T-2R
- 20T-2R

Material Options	PP, POM, PE, PA
Available Colors	White, Blue, Gray, Nature, Dark-brown

## Features & Compliance

### Certifications

FDA • EU Approved

### Design Features

- Flight: No
- Side Guard: No
- Curve: No

## Applications

### Industries Served

Sector	Specific Applications
Food Industry	Meat, Poultry, Sea Food, Bakery, Snack Food, Fruit & Vegetables
Non-food Industry	Automotive, Tire, Packaging, Printing/Paper, Postal, Corrugated, Can, PET, Textile
