Overview

High-Performance Modular Conveyor Belt

This flat top modular plastic conveyor belt is engineered for demanding industrial environments, particularly within the food processing sector. Its robust, food-grade construction ensures hygienic operation while resisting chemicals, abrasion, and extreme temperatures. With a modular design that supports easy maintenance and customization, this belt offers a reliable, long-lasting solution for both food and non-food material handling applications.

Technical Specifications

Belt Dimensions

19 mm

Pitch

8.5 mm

Thickness

4.5 mm

Rod Diameter

77 mm

Minimum Width

Performance Metrics

1.2 tons/m²

Max Load Capacity

0 %

Open Area

Material & Compliance

PP, POM, PE, PA, FDA Approved, EU Compliant

Configuration

Available Colors

White • Blue • Gray • Nature • Dark-brown

Sprocket Options

- Sprocket Sizes: 7T, 10T, 17T, 24T
- Bore Types: Square bore, Round bore

Features

Belt Capabilities

- Flight: Yes
- Side Guard: No
- Curve: No

Operating Environment

-40°C to 260°C

Applications

Industry Applications

Food Industry	Non-Food Industry
Meat (Beef & Pork)	Automotive
Poultry	Tire Manufacturing
Sea Food	Packaging
Bakery	Printing/Paper
Snack Food	Postal
Fruit & Vegetables	Corrugated Cardboard
