

Flexible Multi-Color LED Light Strip

This flexible LED light strip features multi-color LEDs encased in a transparent protective tube. It is designed for decorative and accent lighting applications, providing vibrant illumination with a variety of color options.

Product Overview

Flexible Multi-Color LED Light Strip

This flexible LED light strip features multi-color LEDs encased in a protective, transparent tube, making it an ideal solution for decorative and accent lighting. Designed for both indoor and outdoor environments, it provides vibrant illumination in colors including red, green, blue, and purple. The closely spaced LEDs ensure a continuous, seamless line of light, while the durable construction allows for versatile installation options.

Technical Specifications

Usage

Indoor • Outdoor
