

Floor Drill Press for Metal and Wood

This heavy-duty floor drill press is designed for precision drilling in a variety of materials. The adjustable worktable and depth stop allow for accurate and repeatable drilling operations.

Overview

Precision Floor Drill Press

This heavy-duty floor drill press is engineered for precision and versatility in both metalworking and woodworking environments. Featuring a robust 550W motor and 12 adjustable speed settings, it provides the control needed for a wide range of drilling tasks. The unit is equipped with modern conveniences like a digital speed display, integrated laser and LED lighting, and a safety-focused design, making it an essential tool for professional workshops.

Technical Specifications

Motor Power	550 W
Voltage/Frequency	230-240V, 50Hz
Speed Range	200-2500 rpm
Number of Speeds	12
Chuck Capacity	3-16 mm
Max Drill Capacity	20 mm

Dimensions & Capacity

Machine Height	1520 mm
Table Size	255 x 255 mm
Table Tilt	0-45° left or right
Swing	330 mm

Features

Included Accessories

- Chuck with Key
- 3-inch Vice

Key Features

Laser Guide, LED Light, Digital Speed Display, NVR Switch, Safety Drill Bit Guard, Rack & Pinion Adjustment
