

Floor Standing LCD Advertising Display

This floor standing LCD advertising display is available in sizes ranging from 32 to 65 inches. It is designed for advertising and information dissemination in retail, hospitality, and corporate environments.

Overview

Professional Floor Standing LCD Advertising Display

This versatile floor-standing digital signage solution is available in sizes ranging from 32 to 65 inches, making it ideal for high-traffic commercial environments. Featuring original BOE or LG IPS panels, it delivers high-brightness visuals with wide 178-degree viewing angles for maximum impact. The robust aluminum alloy housing is designed for durability, offering anti-static and rust-proof properties suitable for retail, hospitality, and corporate settings.
