

Floral Decorative Folding Screen Room Divider

This folding screen features four panels with dark wood frames and translucent decorative panels. The panels showcase unique floral and nature-inspired artwork, suitable for dividing rooms or as closet doors.

Product Overview

Elegant Floral Room Divider

This four-panel folding screen combines traditional artistry with modern construction to enhance any interior space. Featuring a sturdy dark wood frame and intricate, nature-inspired floral artwork on translucent panels, it serves as a sophisticated room divider or a decorative accent. Its lightweight yet durable design offers a flexible solution for segmenting rooms or adding artistic flair to residential and commercial environments.
